

Genaro Suárez

Teaching Experience

(as of March 19, 2026)

Lectured graduate-level courses on Exoplanets, Brown Dwarfs, and the Initial Mass Function at different institutions, and served as instructor for workshops on data analysis, programming, and stellar astrophysics.

Lectures

- Mar. 13 2025 New York, NY, US **(4). Lecturer** for MAT students on “Search for Life in the Universe” at the Hayden Planetarium, American Museum of Natural History.
- Feb. 13 2025 New York, NY, US **(3). Lecturer** for MAT students on “The H-R Diagram” at the American Museum of Natural History.
- Mar. 2025 New York, NY, US **(2). Lecturer** for the graduate-level course “Brown Dwarf and Gas Giant Planet: Atmospheres, Formation, and Evolution” at Columbia University.
- Sep. 2021, Feb. 2019 Ensenada, Mexico **(1). Lecturer** for the graduate-level course “Initial Mass Function” at the National Autonomous University of Mexico (UNAM).

Workshops

- Jul. 2025 Dublin, Ireland **(4). Instructor** of a workshop on empirical analysis and modeling of observational data using the code SEDa at Trinity College Dublin.
- Fall 2024 New York, NY, US **(3). Instructor** of the “Introductory Computer Programming” course in the Science Honor Program for high school students at Columbia University.
- Jun. 2019 Morelia, Mexico **(2). Instructor** of a workshop on deriving fundamental parameters of low-mass stars at Institute for Radio Astronomy and Astrophysics, UNAM.
- Feb.–Sep. 2012 Jerez, Zac., Mexico **(1). Instructor** of a workshop in General Astronomy at Instituto de la Juventud Jerezana.

Instructor

- Summer 2025 New York, NY, US **(3). Instructor** for a group of five MAT residents at the American Museum of Natural History.
- Summer 2024 New York, NY, US **(2). Instructor** for a group of four MAT residents at the American Museum of Natural History.
- May 2010–May 2012 Zacatecas, Mexico **(1). Teaching Assistant in Physics** at Universidad Autónoma de Zacatecas.
