

Genaro Suárez

Postdoctoral Fellow
Department of
Astrophysics,
American Museum of
Natural History,
New York, NY, USA
[Homepage](#)
gsuarez@amnh.org
+1 347 814 3978
[h-index 24](#)

Technical Skills

- Developer of [SEDA](#) python package.
- Skilled in PYTHON, Jupyter Notebooks, Git, Github, IDL, IRAF, DS9, TOPCAT, STILTS, VOSA, Vizier, Overleaf, $\text{\LaTeX}$, Linux, UNIX commands, Vi/Vim, JWST pipeline

Academic Service

Reviewer/referee for:

- NASA XRP
- Nature
- Nature Astronomy
- AAS papers (6)
- A&A papers (4)
- RMxAA papers (1)
- JWST Cycles 3–4
- Gemini Telescope
- CFHT

Languages

- Spanish (native)
- English (fluent)

Genaro Suárez (October 1, 2026)

Research Interests: Brown dwarf and exoplanet atmospheres, star and brown dwarf formation, initial mass function, software development

Research Experience

2022 – present: Postdoctoral Fellow (AMNH/USA)
2019 – 2022: Postdoctoral Fellow (UWO/Canada)
2015 – 2019: PhD Student (UNAM/Mexico)

Education

2015 – 2019, Doctor in Science (Astrophysics)
Universidad Nacional Autónoma de México
Graduated with honors

Grants and Fellowships [\(PDF\)](#)

Total amount of USD $\approx$ 1.5M awarded from grants and fellowships (1.4M from JWST and 150k from other institutions).

Publications [\(PDF\)](#) [ADS](#) [ORCID](#) [Google Scholar](#) [Scopus](#) [Zotero](#)

84 peer-reviewed publications (9 first-author; 11 second/third-author)

Selected paper and collaboration:

- **G. Suárez**, K. Cruz, J. K. Faherty *et al.* 2026, AJ, submitted
- Jolie L’Heureux, **Genaro Suárez** *et al.* 2026, ApJ, 1003, 236
- **G. Suárez**, J. K. Faherty, B. Burningham *et al.* 2025, ApJ, 993, 165
- Faherty, Burningham, Gagné, **Suárez** *et al.* 2024, Nature, 628, 511
- [Ultracool Dwarfs Observed with the Spitzer Infrared Spectrograph](#)

Awards and Honors [\(selected ones\)](#)

2025: Nominee for the Blavatnik Regional Awards for Young Scientists.
2021: Best PhD Thesis in Astronomy in Mexico in 2019 and 2020
2019 and 2015: Award “Premio Paris Pişmiş” by UNAM

Research Talks and Posters [\(PDF\)](#) [\(PDF\)](#)

- Forty-nine research talks (23 invited presentations) at national and international conferences and seminars.
- Participation in about 60 academic events (conferences, workshops, summer schools, and congresses.)

Mentoring and Teaching [\(PDF\)](#) [\(PDF\)](#)

- Supervisor/co-supervisor of 3 graduate, 11 undergraduate, and 14 high-school students
- Lectured graduate-level courses at Columbia University and UNAM on Brown Dwarfs, Gas Giants, and the IMF, and instructor of workshops on data analysis, programming, and stellar astrophysics.

Science Communication [\(PDF\)](#)

Participation in 79 outreach, community engagement, and media initiatives.

Active Memberships

- Member of 21 JWST Cycle 1–4 programs.
- Member of the American Astronomical Society (AAS).
- Member of the NASA’s Backyard Worlds: Planet 9 citizen science project.
