

Genaro Suárez

Poster Presentations

(as of April 1, 2026)

First-Author Posters

- Jul. 7–11, 2025 (11). **Cloudy Extrasolar Skies in the JWST Era** at the Exoclimes VII conference.
Montreal, Canada
- Dec. 12–15, 2022 (10). **Gravity-dependent Sedimentation of Dust Clouds in Ultra-cool Atmospheres** at the First Science Results from JWST Conference.
Baltimore, MD, USA
- May 10–14, 2021 (9). **An Accurate Look at the L/T-Transition at Moderately Young Ages** at the
Virtual Conference Canadian Astronomical Society Annual General Meeting 2021.
- Mar. 2–4, 2021 (8). **HN Peg B: The Most Comprehensive Spectral Energy Distribution of a
Moderately Young L/T-Transition Dwarf** at the Cool Stars 20.5 conference.
Virtual Conference
- Oct. 07–12, 2018 (7). **Characterization of the Intermediate-mass to Substellar Population of the
25 Orionis Group** at the LXI Congreso Nacional de Física.
Puebla, Mexico
- Jul. 29–Aug. 03, 2018 (6). **System IMF of the 25 Orionis Stellar Group** at the Cool Stars 20 conference.
Boston, USA
- Jun. 05–09, 2017 (5). **Photometric Determination of the System-IMF of the 25 Orionis Stellar
Group** at the Francesco's Legacy: Star Formation in Space and Time conference.
Florence, Italy
- Apr. 03–07, 2017 (4). **Photometric Determination of the System-IMF of the 25 Orionis Stellar
Group** at the Multi-Scale Star Formation conference.
Morelia, Mexico
- Jul. 27–29, 2014 (3). **Towards a Complete Study of the 25 Ori Group** at the SDSS-IV Collaboration
Park City, USA Meeting.
- Oct. 25–29, 2010 (2). **La Cruz del Sur en el Norte** at the LIII Congreso Nacional de Física.
Veracruz, Mexico
- Oct. 26–30, 2009 (1). **Impactos y Acercamientos de Meteoritos en Época Reciente** at the LII
Acapulco, Mexico Congreso Nacional de Física.
